PROFESSIONAL EXPERIENCE

David Lloyd Leisure

Clubroom Supervisor

Dublin, Ireland

Jul 2026 – Present

- Supervise daily clubroom, cafe and deli operations, allocating tasks and coordinating the team to deliver safe, efficient and high-quality member service.
- Prepare staff rosters, manage shift coverage and conduct regular one-to-one conversations to support performance, accountability and development.
- Resolve member queries, complaints, refunds and service issues professionally, escalating sensitive or complex matters when required.
- Monitor stock, supplier deliveries, invoices, transfers and wastage; investigate variances and support management reporting on food and beverage costs.
- Maintain HACCP, food-safety, temperature-control, hygiene and operational records in line with internal procedures and regulatory requirements.
- Train and onboard team members, communicate daily priorities and reinforce service, cash-handling and loss-prevention procedures.

Vincenzo's Restaurant

Supervisor

Dublin, Ireland

Jan 2025 – Jun 2026

- Managed daily front-of-house operations and led 10–15 staff per shift in a high-volume customer-facing environment handling more than 100 orders per day.
- Created rosters, allocated work, trained new starters and coached team members to maintain service, quality and food-safety standards.
- Handled customer complaints and complex service issues, providing timely resolutions and escalating matters where appropriate.
- Completed till closing, cash reconciliation, stock ordering and inventory checks while maintaining accurate operational records.

Vincenzo's Restaurant*Waitress and Barista*

Dublin, Ireland

Apr 2024 – Jan 2025

- Delivered accurate, friendly service in a busy hospitality environment and prepared barista beverages to quality standards.
- Processed orders and payments, responded to customer requests and supported smooth shift handovers and daily operations.

18startup Community*Customer Experience Operations & Quality Analyst*

Hyderabad, India

Jan 2023 – Mar 2024

- Audited 50+ customer interactions and sales calls per month against quality frameworks, identifying service gaps, compliance risks and coaching opportunities.
- Delivered structured feedback and one-to-one coaching, contributing to an estimated 10–15% improvement in first-contact resolution.
- Identified recurring customer-journey issues and worked with leadership on workflow improvements that reduced repeat contacts.
- Created SOPs, knowledge-base content and onboarding materials, reducing new-hire onboarding time by approximately 20%.

Accenture*Query Management Associate (CL12)*

Hyderabad, India

Jun 2022 – Jan 2024

- Managed 80–100 customer queries daily across phone, email and chat while maintaining SLA compliance above 95%.
- Acted as the first escalation point for 10–15 associates, providing real-time coaching, process guidance and case support that helped reduce escalations by approximately 15%.
- Investigated complex billing, account and service cases with cross-functional teams and maintained complete Salesforce records and audit-ready case notes.
- Supported queue management during peak periods, helping clear backlogs while maintaining handling-time, quality and customer-satisfaction targets.

[24]7.ai*Digital Interaction Advisor*

Hyderabad, India

May 2020 – Apr 2022

- Handled 60–80 customer interactions per day across chat and digital messaging for global client accounts.
- Ranked within the team's top 15% for CSAT over an 18-month period while meeting response-time, resolution-accuracy and quality targets.
- Documented customer cases, resolved account and service queries, supported peers and escalated complaints or process exceptions appropriately.

INSURANCE AND CLAIMS KNOWLEDGE

- APA-qualified with knowledge of insurance products, policy terms, limits, exclusions, disclosure obligations and customer-focused regulated service.
- Understanding of the end-to-end claims lifecycle, including FNOL, validation, evidence gathering, assessment, settlement, payment and closure.
- Familiar with reviewing statements, receipts, invoices, travel information, medical evidence and expenses, and escalating fraud indicators, vulnerable-customer concerns, complaints and cases outside authority.
